Nice job with this Eric. I think it looks good, and I like Rob's proposed minor edit. I noticed that you took out the "issues resolution process" -- that's fine, but we should talk briefly about it before Tuesday so I'm aware of any concerns you have about it.

I'm still fighting a cold, but I'll be in the office for the next hour or so. What's your timeline for sending an email to the government team about meeting facilitation/process? I'm available to review a draft of it this morning if you have one.

Thanks,
Mikell

Subject: ERA Decision Framework and Meeting Agenda

Attached is EPA's ERA Decsion Framework Issue Summary and an Agenda for next Tuesday's meeting. The issue summary is based on the meeting notes circulated earlier. The meeting notes have been reorganized and edited slightly to reflect the fact that they are going to the LWG. However, our intent was to ensure that the technical content remains unchanged.

Please review the attached documents and provide any feedback you may have by 9:00 am tomorrow morning. Our intention is to send this to the LWG by noon tomorrow.

Thanks, Eric
